MESSAGE

It gives me immense pleasure to know that **Association of Practicing Pathologists (APP)**, Haryana is going to organize their Annual Conference at Maharishi Markandeshwar Institute of Medical Sciences and Research, Ambala on February 26, 2017. A souvenir is also being brought to mark this occasion.

It is important to keep the medical practitioner abreast with the new developments in the medical science. The advancement in the field of Pathology has opened new alternatives for the Quality Management. APP, the group of Pathologist plays an important role in the field of new scientific inventions.

Haryana Government has taken several new initiatives to improve the infrastructure of health sector. A tertiary care cancer centre would be constructed at Ambala. AYUSH University in Kurukshetra and Pandit Deendayal Uppadhyaya University of Health Sciences is being established in Karnal. A 'Centre of Excellence' for promoting Naturopathy as an alternative system of medicine is also being established in Panchkula. Our Government has decided to promote Yoga in a big way to improve the life style and physical fitness of the people of the State.

I extend my best wishes for success of the conference and publication the souvenir.
